Quarterly Distributions:

TAMIM Fund: Credit generated a +0.54% return in September for the Ordinary units, resulting in a twelve-month net return to investors of 2.67%. The June quarter distribution was 1.50%. Since inception, the portfolio has delivered an annualised return of 6.62% p.a. net of all fees. Over the eight years since inception, the Fund has had four negative months and has paid a quarterly distribution of between 1 and 2.24% every quarter. The next quarterly distribution is scheduled to be paid on 16 November 2026. TAMIM remains committed to investing with larger, more established managers and avoiding those that are unproven, especially in the current environment. We also continue to focus on senior secured exposure through deals secured by real assets or business cash flows.
